Healthcare System Complexities, Impediments, and Failures ...

The extent to which health care for Americans is timely, efficient, and appropriate for a given individual is determined by the characteristics of the delivery system. Moving to a learning healthcare system will require the identification of specific areas where system complexities slow or inhibit progress and the development of solutions geared toward overcoming impediments ...

Sabermetrics - Wikipedia

Sabermetrics (or originally as SABRmetrics) is the empirical analysis of baseball, especially baseball statistics that measure in-game activity.. Sabermetricians collect and summarize the relevant data from this in-game activity to answer specific questions. The term is derived from the acronym SABR, which stands for the Society for American Baseball Research, founded in 1971.
