30/9/2019 · The British men in the business of colonizing the North American continent were so sure they “owned whatever land they land on” (yes, that’s from Pocahontas), they established new colonies by simply drawing lines on a map. Then, everyone living in the now-claimed territory, became a part of an English colony. A map of the British

25/9/2021 · -000-1965 is the starting date of my fic. For the sake of sanity, I'm using the unofficial Marvel Universe Reading Order starting in Marvel Comics 1963 and working my way forwards from there. I like this list in particular because it seems the most coherent and uses the original comics, I can read it as a list, it has links, and is easy to navigate by far.

Orson Scott Card's The Last Shadow is the long-awaited conclusion to both the original Ender series and the Ender's Shadow series, as the children of Ender and Bean solve the great problem of the Ender Universe—the deadly virus they call the descolada, which is incurable and will kill all of humanity if it is allowed to escape from Lusitania. One planet.
