*Skill requirements have increased, potentially meaning a more fulfilling time at work. Set against these beneficial trends, however, are increases in inequality, a strong intensification of work effort, diminished job satisfaction, and less employee influence over daily work tasks. Using an interdisciplinary approach, Demanding Work*

### **Demanding Work**

*Since the early 1980s, a vast number of jobs have been created in the affluent economies of the industrialized world. Many workers are doing more skilled and fulfilling jobs, and getting paid more for their trouble. Yet it is often alleged that the quality of work life has deteriorated, with a substantial and rising proportion of jobs providing low wages and little security, or requiring ...*
