Identifying Massey Ferguson 35 Tractors | Vintage Tractor ...

26/4/2015 · The serial number on the identification plate is the most definitive, although it is not uncommon for the dash panel to have rusted and been replaced at some point – creating confusion. In fact, there are som many of these FE35, MF35, MF35X tractors that have been made up from parts, had engines swapped, rear ends replaced etc. that identification can be difficult.

How to Identify Ferguson Agricultural Tractors

The FE-35 was never manufactured in France. It did manufacture versions of the MF-35 which were numbered differently (835) and used the same carburetor engines as used in the FE-35/MF-35. The Diesel engine was a modified version of the Standard 23C used in the FE-35/TO-35. Later ones had 3-152 Per- ...
