## **United Kingdom - Wikipedia**

*The United Kingdom of Great Britain and Northern Ireland, commonly known as the United Kingdom (UK) or Britain, is a sovereign country in north-western Europe, off the north-western coast of the European mainland. The United Kingdom includes the island of Great Britain, the north-eastern part of the island of Ireland, and many smaller islands within the British Isles.*

## **Food allergy - Wikipedia**

*A food allergy is an abnormal immune response to food. The symptoms of the allergic reaction may range from mild to severe. They may include itchiness, swelling of the tongue, vomiting, diarrhea, hives, trouble breathing, or low blood pressure. This typically occurs within minutes to several hours of exposure. When the symptoms are severe, it is known as anaphylaxis.*

## **HPV vaccine - Wikipedia**

*HPV vaccines are used to prevent HPV infection and therefore cervical cancer. Good evidence supports that vaccination of large percentage of people within a population decreases rates of HPV infections with part of the benefit from herd immunity. Some types are recommended in the United States for women and men who are 9–26 years of age, and are approved for those who are 27–45 years of age.*
