The Beauty Myth Summary | SuperSummary

The Beauty Myth is a tyrannical and problematic system of beliefs that subjugates women to psychologically abusive and demeaning aesthetic ideals. This pressure to conform to unrealistic standards, Wolf argues, has a detrimental effect for many women on a personal level.

The Beauty Myth Summary | GradeSaver

The Beauty Myth is a work that criticizes the suggested appearance of women in public, and how sharp contrasts in the style of men versus women's dress came to be. The book most strongly emphasizes the fact that the way women are supposed to act and dress in society has come from their increased presence in the public and in the workplace, and there are still remnants of Victorian Era behaviors in ...

The Beauty Myth Summary | GradeSaver

The Beauty Myth is a book that not only gives the background of a discrimination problem, but also calls for a solution. Today, many women still support Wolf's ideas, and equality in the workplace and ridding societal norms is becoming more common. Update this section!
