### **Winepress - Wikipedia**

*A winepress is a device used to extract juice from crushed grapes during wine making. There are a number of different styles of presses that are used by wine makers but their overall functionality is the same. Each style of press exerts controlled pressure in order to free the juice from the fruit (most often grapes).*

### **Fermentation Process in Wine | Wines And Winemaking.com**

*Understanding Wine Technology: The Science of Wine Explained. This is the only book to explain the complexities of the science and technology of wine in simple terms, and therefore fills a gap in the large market of wine information by making wine's technical mysteries accessible to those with no scientific education.*

### **Combining 150,000 images, astrophotographer captures ...**

*8/12/2021 · Technology; Science; Combining 150,000 images, astrophotographer captures stunning details of Sun; Combining 150,000 images, astrophotographer captures stunning details of Sun The 300-megapixel image shows how our star looked at 2 pm on November 29th, from the photographer's backyard.*

### **Real-time detection of ochratoxin A in wine through ...**

*The monitoring of small molecules (i.e., of the size less than 1 kDa) has gained increasing interest in the last years in various areas of science and technology. Understanding the fundamental mechanisms of binding kinetics in molecular biology, as well as accurate and fast diagnostics of contamination in environmental, health, agriculture, and food control, demand for new methods ...*

### **20 new technology trends we will see in the 2020s - BBC ...**

*20/5/2020 · Understanding the human brain is a monumental task, but that hasn't stopped neuroscience stepping up to meet the challenge. There's the Human Brain Project, one of the largest ever EU-funded projects, the \$5 billion BRAIN Initiative in the US, and the more recently announced China Brain Project.*

### **Science, Technology and Society Module | PDF ...**
