Volkswagen Polo Mk4 (Typ 9N) review, problems, specs

18/3/2016 · When Polo received the BlueMotion badge in 2006, the 1.4-liter diesel brought by this introduction returned 74 mpg, by far the most economical choice in the Polo Mk4 engine lineup. Otherwise, the 1.2-liter petrol returns 47.1 mpg while the 1.4-liter unit is good for 43.5 mpg and the 1.6-liter mill drinks on an average 40.9 mpg.

2000 VW Polo struggles to/won't start when engine warm

My 2000 1.4 petrol polo struggles to start when warm and sometimes will not start, until the engine has cooled down a bit, when the engine is on the hot side of warm. Embarrassingly, I have lived with this issue for quite a number of years because 75% of the time the places I am going will mean I am away from my car for sufficient time for the engine to cool down.
