*10/6/2021 · Additional information has shown that a comprehensive, multipronged approach for COVID-19 prevention strategies might help slow transmission in the early care and education setting.(10) Child care programs should make decisions about reopening and continuing operations based on available data including levels of community COVID-19 transmission (spread) and the child care program's ...*

### **When to Keep Your Child Home from Child Care ...**

*In many child care programs, as well as public and private schools, parents are contacted right away when their child shows signs of even a mild illness, like a cold. In others, children are allowed to continue the regular program as long as they can take part in most activities and do not have a condition that requires exclusion.*

## **Child Care & Camps - Coronavirus**

*17/11/2020 · Child care provides crucial support for parents and guardians, and provides many benefits for a child's social and early learning development. Parents may have concerns about the risks of bringing their children to child care programs while COVID-19 and the Delta variant exist in the community, and the risks should be weighed against the benefits.*
