German Infantry Tactics of World War II

1/9/2018 · *Infantry tactics simply refer to military techniques and strategy employed by a nation’s infantry on the battlefield to achieve set goals and tactical objectives. Foot soldiers typically make up the larger portion of a nation’s army strength, as a matter of fact most military training programs begin with direct combat training modules before going on to more specialized training operations.*

World War II Infantry Fire Support Tactics (Osprey Elite ...

As infantry units advanced across Europe the only support they could rely on from day to day was that provided by the heavy weapons of their own units. While thundering tanks struck fear into the hearts of their enemies it was the machine guns, mortars and light cannon that proved to be most important, causing the majority of casualties suffered during World War II.
